KEYNOTE ADDRESS
Dr. Cindy Hahamovitch

FRIDAY, FEB. 14TH
2:00 - 3:00
Kendall Cram Lecture Hall, LBC

Dr. Hahamovitch will discuss the history of the USA's H-2 Program, the second oldest guestworker program in the world and the program that is at the center of the current immigration reform debate. Her focus will be the World War II origins of the program, when one in six Jamaican men worked in the fields in the U.S., and she'll explain how a model program declined so rapidly into the exploitative system it remains today.
